

Introductory webinar

18 November 2021

10:00
– 10:05

Welcome and introductions

Dr Christian Bölling

10:05
– 10:28

Presenting CO-VERSATILE

Dr Robert Lovas

10:28
– 10:55

Digital Technopole

Sebastian Peña Serna

10:55
– 11:15

Panel discussion

Dr Robert Lovas

Katarina Deme

Dr Matthias Wangenheim

Saskia Sardesai

Dr Christian Bölling

11:15
– 11:20

Closing

Dr Christian Bölling

Resilient supply chains

25 November 2021

10:00
–10:10

Welcome and introductions

Dr Christian Bölling

10:10
–10:15

Introduction to supply chain resilience

Elena Revilla

10:15
–10:30

Supply chain lessons learned from COVID-19

Elena Revilla

10:30
–10:50

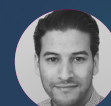

Risk analysis for re-establishing resilience in future pandemic situations

Beatriz Acero

10:50
–11:15

Resilient supply chains with simulation

Becem Bourbita

Saskia Sardesai

11:15
–11:30

Panel Discussion

Becem Bourbita

Saskia Sardesai

Beatriz Acero

Elena Revilla

Dr Christian Bölling

11:30
–11:35

Closing

Dr Christian Bölling

Adapting manufacturing processes to scale up production

2 December 2021

10:00
–10:10

Welcome and introductions

Amardeep Banerjee

10:10
–10:30

Re-usable silicone masks design.
Highlights from the COVID-19 experience

Silvia Lodetti

Yuval Erez

Dr Matthias Wangenheim

10:30
–10:50

Electrostatic disinfection sprays

Christobal Rodriguez Alcaine

10:50
–11:10

Medical ventilators: production process challenges during a pandemic

Ben van den Elshout

11:10
–11:20

Coffee break and networking time

11:20
–11:35

Flexible machine for face masks production in Europe:
how to organise your development and production processes effectively when working under pressure

Thijs Rupert

11:35
–12:00

Manufacturing repurposing with a robotic cell.
Driving innovation in manufacturing to fight the pandemic and avoid future crises

Anas Alhalabi

Mike Wilson

12:00
–12:15

Q&A

Anas Alhalabi

Thijs Rupert

Ben van den Elshout

Christobal Rodriguez Alcaine

Silvia Lodetti

Yuval Erez

Dr Matthias Wangenheim

Amardeep Banerjee

12:15
–12:20

Closing

Amardeep Banerjee

Workforce ramp-up: on short notice and in times of need

9 December 2021

10:00
–10:10

Welcome and introductions

Dr Christian Bölling

10:10
–10:35

Reimagining workforce ramp-up through Extended Reality interactive training

James Kirby

Katarina Deme

10:35
–10:55

Effective management of corporate skills evolution in changing competitive environments

Katarzyna Cichomska

10:55
–11:15

Augmented, Mixed and Virtual Reality tools supporting systematic knowledge sharing throughout the company

Luca Polato

Antonio Salis

11:15
–11:35

Panel discussion

Dr Robert Lovas

Luca Polato

Antonio Salis

Katarzyna Cichomska

James Kirby

Katarina Deme

Dr Christian Bölling

11:35
–11:40

Closing
